**American Ag to Host Leader Luncheon:**

On Wednesday, Aug 8, American Agriculturist will host EFD's NY Ag Leadership Luncheon in the Special Events Building. This is always a great opportunity for those involved in ag business, education, policy, research, government and production to get together to discuss strategies and future directions for agriculture.

Another highlight of this event is the announcing and recognizing of the winner of the Agricultural Environmental Management Award sponsored by American Agriculturist, NYS Department of Agriculture and Markets and the Empire State Potato Growers, Inc.

The Empire State Potato Growers Inc. will recognize their annual scholarship winner at the Leadership Luncheon as well.
